Koi Show September 8-10, 2017
[Http://www.znapotomac.org](http://www.znapotomac.org)

Welcome to the ZNA Potomac Koi Show!

I want to take this opportunity to thank you for considering the 2017 ZNA Potomac Koi Show. We are excited about this year's program and location. Meadowlark Gardens is a beautiful location for you the exhibitor and for everyone who wants to visit and see some of the finest Koi on the East Coast as we expect to have 200+ koi at this event. Our show is considered to be one of the larger shows in the USA. We will also have some of the best National vendors selling both Koi and merchandise. The Judging will be conducted by highly experienced ZNA and AKJA judges. The awards ceremony will be Saturday evening at the Park during the reception.

Please complete the registration forms and the Koi Tank Load forms. The forms should be submitted as early as possible to ensure that your tank(s) is/are reserved. In an effort to normalize the judging sizing system we will continue to use the BU system that is used everywhere else in the world. We have created measurement chart with both inches and centimeters. We expect to have some exceptional entries this year so please get your forms in as soon as possible. Please pay close attention to the rules as there have been some changes to varieties and classes including adding the mujimono variety.

Seminars and discussions will be on-going during the event.

The Park will be open for your enjoyment, with Koi Show visitors receiving a discounted admission to the Park. Please note that the show site is in an area of the park that requires no admission. So plan to come early and stay all day both Saturday and Sunday. Thanks!

GENERAL INFORMATION

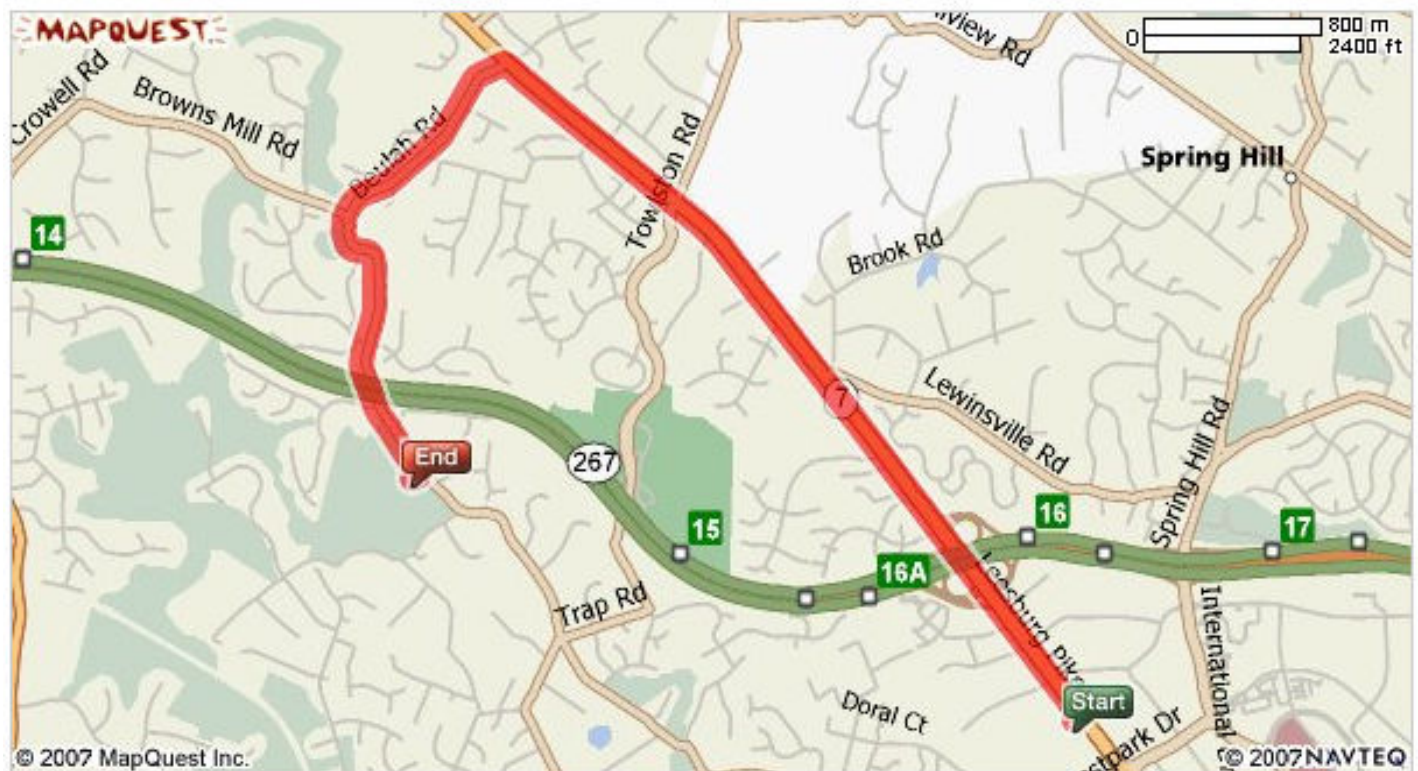

1. All necessary and reasonable precautions will be taken by the Club to safeguard the koi entries.
Entries are accepted with the understanding that the participant agrees to hold the Club, its officers, its directors, its members and the Meadowlark Gardens and its employees harmless in the event of fish Death, Disease, Injury, Disfigurement, or Loss.
2. No one is to handle any fish except the entry committee. Anyone wishing to inspect their fish must first contact the Show Committee.

WATER QUALITY

Every reasonable effort will be made to maintain the water quality of the tanks at a high level. Initially, water will be treated with a chlorine-chloramine-neutralizing chemical. After introduction of fish, ammonia levels will be carefully monitored. Tanks will be skimmed and water will be changed as needed. A water quality committee has been established to insure that the best possible water quality is maintained at all times. At no time will any substance be introduced to the water, which is not generally deemed appropriate for use with koi.
