Koi Show September 5-7, 2025  
[Http://www.znapotomac.org](http://www.znapotomac.org)

Welcome to the ZNA Potomac Koi Show!

I want to take this opportunity to thank you for considering the 2025 ZNA Potomac Koi Show. We are excited about this year's program as it's the first ZNA America National Koi Show on the East Coast. Meadowlark Gardens is a beautiful location for you the exhibitor and for everyone who wants to visit and see some of the finest Koi on the East Coast. We expect to have 200+ koi at this event. Our show is considered to be one of the larger shows in the USA. We will also have some of the best National vendors selling both Koi and merchandise. The Judging will be conducted by highly experienced ZNA judges. Awards ceremony details will be released prior to the show but currently are not available.

Please complete and return all the registration forms. The forms should be submitted as early as possible to ensure that your tank(s) is/are reserved. In an effort to normalize the judging sizing system we will continue to use the BU system that is used throughout the world. We have created a conversion measurement chart with both inches and centimeters. We expect to have some exceptional entries this year so please get your forms in as soon as possible. Please pay close attention to the rules as there may have been some changes to varieties and classes. Our special award this year will be for the best Hikari.

Seminars and discussions will be on-going during the event.

The Park will be open for your enjoyment. Please note that the show site is in an area of the park that requires no admission. So plan to come early and stay all day both Saturday and Sunday. Thanks!

Each 20BU Koi counts as 0.3 fish points.

Each 30BU Koi counts as 1 fish point.

Each 40BU Koi counts as 2 fish points.

Each 50BU Koi counts as 5 fish points.

Each 60BU Koi counts as 8 fish points.

Each 70BU Koi counts as 12 fish points.

Each Koi 80BU and over counts as 18 fish points

Total up all the fish points for the koi you are entering to determine the number of show tanks you will need.

**This calculator is provided as a convenience to help you determine your tank load and does not need to be completed with your entry form.**

In an effort to normalize the judging sizing system we are switching from the US Standard of Size 1, Size 2 etc to the BU system that is used everywhere else in the world. To help you switch to this we have created measurement chart with both inches and millimeters

Size	20 BU	30BU	40BU	50BU	60BU	70BU	80BU	Over 80BU
<b>CM Range</b>	0cm-20cm	20.1cm-30cm	30.1cm-40cm	40.1cm-50cm	50.1cm-60cm	60.1cm-70cm	70.1cm-80cm	over 80cm
<b>Inches Range</b>	0"-7.9"	8"-11.8"	11.9"-15.7"	15.8"-19.7"	19.8"-23.6"	23.7"-27.6"	27.7"-31.5"	Over 31.5"

- All fish entered must be **owned** by the registered participant. **(Dealer owned fish are not allowed)**
- Owner or his **designated representative** and a member of the entry committee will be responsible for placement of fish in the assigned tank. **The Entry Committee is the final authority regarding classification and size. Fish deemed by the entry committee to be showing possible signs of any type of disease or parasites will be disqualified and should be removed**
- Koi with Kin/Gin Rin **must** be entered in the appropriate Kin/Gin Rin category.
- No changes in category are allowed by owner after fish are entered. However, the entry committee does have the authority to make final changes in category and size.

#### **GENERAL INFORMATION**

1. All necessary and reasonable precautions will be taken by the Club to safeguard the koi entries. **Entries are accepted with the understanding that the participant agrees to hold the Club, its officers, its directors, its members and the Meadowlark Gardens and its employees harmless in the event of fish Death, Disease, Injury, Disfigurement, or Loss.**
2. No one is to handle any fish except the entry committee. Anyone wishing to inspect their fish must first contact the Show Committee.

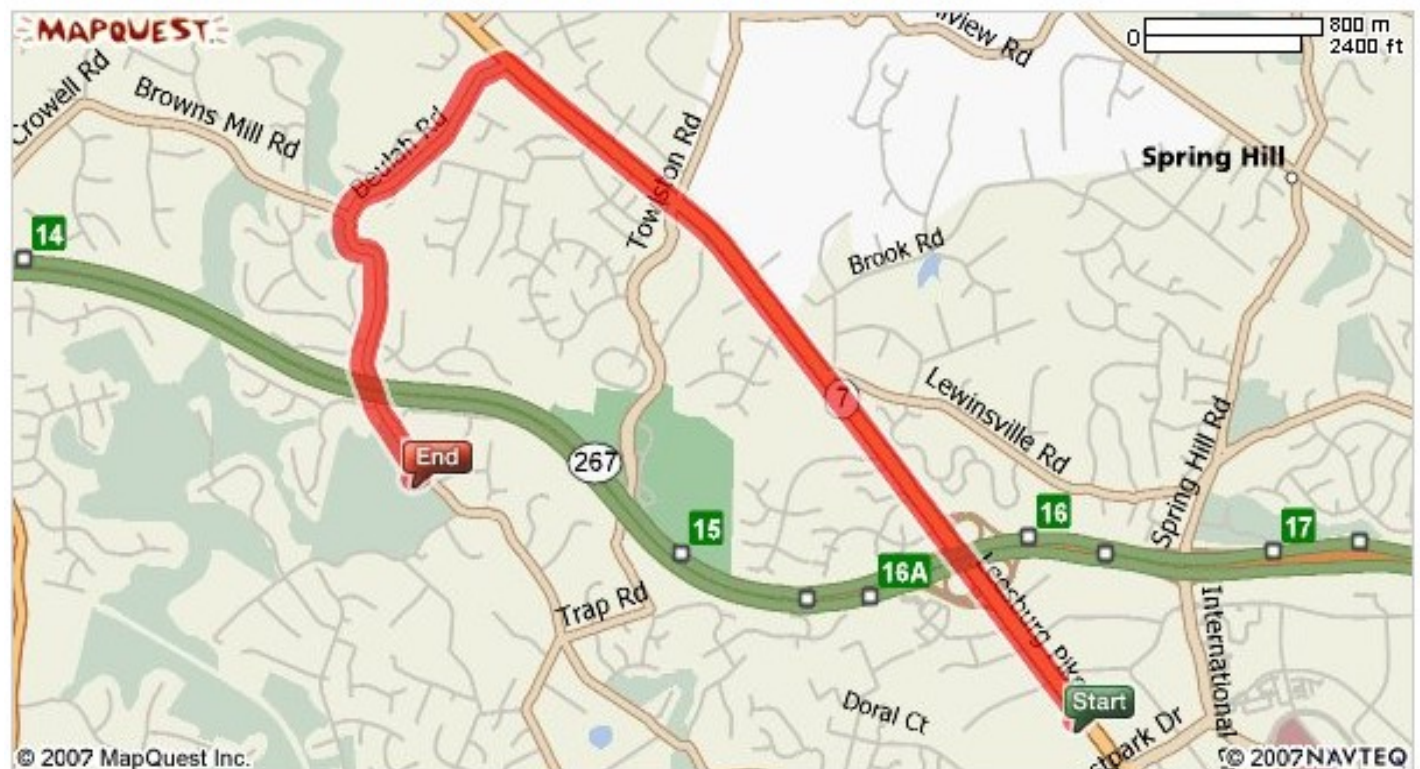

#### **WATER QUALITY**

Every reasonable effort will be made to maintain the water quality of the tanks at a high level. Initially, water will be treated with a chlorine-chloramine-neutralizing chemical. After introduction of fish, ammonia levels will be carefully monitored. Tanks will be skimmed and water will be changed as needed. A water quality committee has been established to insure that the best possible water quality is maintained at all times. At no time will any substance be introduced to the water, which is not generally deemed appropriate for use with koi and approved by the water quality person.
